Cascade Baby Alpaca Chunky Moebius and Matching Hat Designed by Nenah Galati

The Moebius is fun to wear, as hands are free and it can be worn to keep you warm or just for a fashion sense.

Materials Needed:

6 Skeins Cascade Chunky Alpaca Yarn
Size 7 Needle, 10 Stitch Markers

Terms:

(M) - Marker; **YO** - Yarn Over; **K2tog** - K 2 Sts together; **SKP**: Slip next St, K next St, Pass the Slipped St over the K Stitch.

This attractive stitch pattern is achieved by working a 6 Seed St border, followed by a 12 stitch lacy pattern, followed by a 3 St seed pattern, you will end your row with a 6 St Seed pattern. If you wish to increase the width, do so by 12 Sts. To make this pattern easier to knit, I have placed markers delineating which section I am knitting.

CO 54 Stitches using provisional cast on. **Provisional Cast- On:** You will need a crochet hook the size that will fit your working yarn and a contrasting color of scrap yarn.

Place a slip knot on your crochet hook, hold knitting needle in your left hand, and crochet hook in your right hand, bring the yarn behind the knitting needle.

With the crochet hook in front of the knitting needle, pick up the yarn and pull through the loop on your crochet hook, you have now cast on one stitch.

Take the yarn back behind the needle and repeat this process until you have the desired number of stitches cast on. Make a large loop, cut yarn and gently slip through loop, do not pull or tie off. This is where you will unravel these stitches to make them live again!

Set Up Row: Knit all Stitches

Putting Provisional CO Stitches Back on Needle:

Take yarn out of loop, and gently place Sts onto another knitting needle, unraveling the scrap of yarn as you go along. Make a 180 degree twist (half twist) and now join using the Three Needle Bind-Off.

Three Needle Bind-Off;

After making the 180 degree twist, place side by side:

K1 St from front needle and 1 St from back needle together twice

take first St and bind-off 2 St

K1 St front needle and 1St from back needle together, bind off 1St until all Sts off needle, cut 8" tail and pull through last St on needle.
